Gentlemen:- Yours to hand.
In regard to the condition of coins I wrote you about I will say that I believe dealers usually classify coins in about 7 classes viz:- Proof, Uncirculated, Fine, Good, Fair, Poor, Mutilated.
Fine coins are those that have lost their original lustre but do not show the least wear. They might be tarnished or blackened but no scratches or nicks are permissable on a Fine coin.

Good coins must show every feature, Especially the date very plain, not scratched, hammered, plugged or otherwise mutilated

Fair coins are coins upon which the design lettering and date are clearly readable.

Now I would like to have the coins I sent you

over

a list of, in one of these classes, "fine" preferred, but some of the higher priced coins might be classed "good", "fair", or even "poor" so the date is plain.

Please also price me the U.S. Silver dollars of 1800, '01, '02, '03. in class "fine", "good", or "fair".

Please price the above and the list I sent you and if suitable I will send money for them or give reference and have them sent on approval.

Yours very truly

Gentlemen:- The coins received yesterday. I think you made a little mistake in regard to No. 276. You have it billed $1.30; my bid was 80 or 85¢. If you will refer to my bidding list & am quite sure you will find it as I say. However, it is just possible that I made the mistake and if so I will be glad to make it all satisfactory for I want to treat everybody nice and right.
